

Based on our proven Shockwave Catchall X shaker frame, the Shockwave X stands apart from standard tree shakers with its constant velocity operation and 180-degree X-3 Magnum scissor grip shaker head, allowing it to slip from tree to tree with ease and precision, providing consistent results regardless of skill level.

Standard Features:

- 148HP Cummins F3.8 Stage V turbo-diesel engine
 - Engine-driven, hydraulically-reversing fan
- X-3 Magnum scissor grip shaker head
 - Continuous-movement sliding carriage
 - Dual motor infinitely-variable shaker
 - 24-inch air-cooled pads
 - External greasable roller bearings
 - Automatic sling lubrication
- Hydrostatic wheel motor drive, 19:1 gear ratio
- Load sense hydraulic system
- Orchard Safety Glass - Windscreen & Door
- Pressurized, air-conditioned and heated cabin
- Rotary sweepers with hydraulic lift (fingers or brushes)
- Color monitor
- Rear-view camera
- Back-up warning system
- LED night lights: front, side, and rear
- Powder coat finish
- 14.5x16.1-10 Ply tires
- Fluid Capacities:
 - Fuel: XX gal
 - DEF: XX gal
 - Hydraulic Oil: XX gal

OPTIONS:

- Bonsai Autonomy Package - vision based full autonomy package, not requiring a driver in the cab to operate
- Dual Automatic Brakes (Hill Use)
- Auto Machine Lubrication
- Shift-on-the-fly All Wheel Drive
- Hydraulic Lift
- Three Track Drive
